Study in Canada, as a family.

You learn English or French with BLI online from home. We help you get into a Canadian college, enrol your kids in school and settle in, from the apartment to the bank account.

STEP 1

THE PATH

Three steps. One family plan.

We plan every step with you, so the whole family arrives ready.

1 AT HOME

Learn online with BLI

Live English or French classes with BLI teachers on our own online platform, from your country, at your pace. You reach the level your college asks for before you travel.

2 IN CANADA

Start college

Choose from all the colleges in the BLI Pathway network. We help you pick a program, apply, and prepare the documents they ask for.

3 THE KIDS

Start school

We register your kids in a Canadian school and help with every form, so they start class with local students.

A Canadian school, bilingual from day one.

Public schools in Montréal and on the South Shore teach in English with French every day. Many students leave bilingual, some trilingual.

- ✓ We find the right school for each child's age and level
- ✓ We prepare and submit the registration documents
- ✓ We help with school supplies, uniforms and transport
- ✓ Your BLI contact follows up during the first months

First school day

Public school: no tuition*

English or French school. English for up to 3 years with a temporary authorization from the Québec Ministry of Education, then French.

*In Québec, when the parent lives in Québec with a study or work permit. BLI's Family Enrollment Support (registration, documents, follow-up) is an optional paid service.

Everything your stay needs. We help with all of it.

The things that take weeks when you do them alone.

Find an apartment

Neighbourhoods near school and college, visits and the lease.

Open a bank account

The right bank and the documents to bring.

Buy a car

Where to look, what to check and how to register it.

Driver's licence

Exchange or get your Québec licence.

Phone and internet

Plans for the whole family, ready on arrival.

Airport pick-up

We meet the family when you land.

Your first week

Transit, groceries, doctors and the neighbourhood, explained.

And more

Tell us what your family needs.

Before you go.

Why start online?

So you arrive with the level your college needs. You study from home with BLI teachers, and you don't lose time once you are in Canada.

Can both parents study?

Yes. Each parent can take their own online course and their own college program.

Are the settling-in services included?

Your quote shows exactly which services are included for your family.

Which colleges can I go to?

Any of the colleges in our Pathway network, across Canada. We help you choose the program that fits your plans and apply.

What ages can the kids be?

School age, elementary or high school. We find the right school for each child.

Where can I see the partner colleges?

At bli.ca, on our Pathway page: every college in the network, with its programs.
